This is the best victory ever. I can't believe that I'm a world champion. The most difficult part was how to cope with the heat. I am happy that my every day's training has borne fruit.

I don't know why I was able to win. It was very hot and tough but I think being able to maintain myself strong led me to victory. Japanese people were all very generous and the operating staff's did a perfectly wonderful job.

Comments by the winner

I am overjoyed to win the game, especially because the course required skills. I want to tell this excitement to my husband and my eight-month-old baby waiting for me back home, as soon as possible.
